eHCP

compliance hotline

YOUR VOICE MATTERS.

Compliance is more than rules—it's the key to protecting patients, providers, and organizations.

you can report all
-Misconduct
-Violations
-Health, Safety, and Security Concerns

(877) 204-7634

Report a Concern

EmpowerHCP fully encourages our employees, vendors, and patients to engage in open dialogue regarding any compliance concerns or questions that may arise. However, we recognize that some individuals may prefer to report or convey information in a confidential or anonymous manner. In order to provide our employees, vendors and patients an opportunity to report Compliance concerns anonymously and without fear of retaliation EmpowerHCP provides an alternative method for reporting concerns and access to "The Compliance Hotline", a confidential/ anonymous way for you to report known or suspected improper conduct.

Hotline & Contact Information

Notice something? Report it through any form of communication.
